Dear Sir,

Re - Historical Events at Seringapatam.

I've been using my best endeavours, from the day you ask me, to see if anything could be found Officially in our Records, but I'm afraid the prospects of dropping across anything is very poor indeed, for this simple reason Seringapatam was taken in 1799 Our Records date from 1832 & our Indexes from — 1862

This being quite a political matter, the Residency Dept: most probably have some papers, as their Records date so far back as 1799.

I am truly sorry of my inability to give a helping hand in this matter.

We have not been able to find any old correspondence regarding Srirangapatam.

The papers ✗ in the General Records relate only to the years subsequent to 1831 (vide Mr Bridé's slip).

From the Records known as the "Residency Records", I have found a list (copy subd), which shows that 4 Almirahs ✗ containing old correspondence were sent to the Resident's Office soon after the Restoration. They may perhaps contain the information required.

Dear Mr Thumboo Chetty

The Resident tells me that His Excellency the Viceroy is coming here on the 4th December from Tanjore.

I have already bought some furniture to furbish up Government House for the Dusserah : but the Resident and Dewan were both of opinion that a complete renovation of the front portion of Government House would be advisable if H.E. was coming Owing to plague it would be troublesome to have any large party this year and I propose that we should renovate Government House and make this an excuse for being unable to have our usual Enter-tainments. If you approve the matter might be placed (under the Chief Engineer) in the hands of Mr H. Irwin C.I.E. who designed built and furnished Viceregal Lodge at Simla and whose experi--ence and taste will doubtless make our Rooms all that can be desired. He could be asked to estimate the cost.

My dear Mr Lee,

It is now almost settled H.E. the Viceroy visits Mysore in Decr next. I am afraid we shall have absolutely nothing in our Art-Ware Department to show H.E. when he comes. As you are going to Mysore tomorrow you might visit the Jubilee Institute and get a Complete list of all Sandal wood and Ebony inlaid articles in stock made out with their prices and note on the margin there of which of them are presentable and which not. On hearing from you we shall have to order a fresh stock and so Mr Thumbu Chettyar will be glad if you can send the list in the course of a day or two.

Did we send any small articles

to Paris and do you expect any back?

I shall visit the Museum in a day or two and get the list of what things that are here from Mr. Cameron.

Meanwhile after seeing Mysore things, you might also be able to give us a list of articles we would wish to order for the present occasion.

Now that the Viceroy's visit is settled, we shall have to look to our Stables, kit, furniture &c.

The new Landau I ordered is now reported to be ready. Messrs Simpson Co. asked me if we wished for any

No doubt we got all our carriages done up quite recently; we have now only to preserve some of them. To do the Kheddas we shall require a large No: of ponies and horses and Mr. Thum Ben Chettyar desires me to say he will be glad if you can kindly arrange to get out those new ponies pairs of horses you have been arranging for, as early as possible, so that we might break and keep them ready for use by the time H. In course of conversation I said that as he had

The Resd. met. Mr. Irwin & discussed the removal of Govt. House.

The furnishing & decoration of the rooms was left to Mr. Irwin and his Professional [illegible] & another and left to Mr. Irwin's discretion.

But it was agreed to extend the Front verandah as far as the Post Office

Mr. Irwin thinks that the Govt. House would be vacated the Res. by the Navy & the Staff Officers of the Army & the Commissariat Dept. & Thomson Ramsay Esq. Mr. Irwin's Office & Mr. Irwin's Office & Mr. Irwin's Office &

Generally settled in consultation with the Resident -

W. Irwin returns here tomorrow with all the plans & estimates (approx) of cost -

We have very little time to put the place in order.

and so I write to ask whether Mr. Thompson Chetty as regards the rooms to be occupied by H.E.

Generally the ceilings want boarding over & finishing -

Slight decoration & recoloring of the walls throughout is also necessary.

Then as regards the

It is proposed to

My Dear Sir,

I have caused a careful search made in my office for old Paper relating to Seringapatam and can find none on the subject. You may perhaps find them in your office among the almi-rahs, removed to Residency soon after the Rendition, containing several secret, Private and Demi official correspondence

I beg to send you herewith two pamphlets which give an account of Seringapatam, especially Malleson's which is quite historic.

Yours sincerely

GOVERNMENT OF MYSORE

Note.

I had a talk with Mr. Hasrah, the Deputy Commissioner, in re: H.E. the Viceroy's Reception Committee. He says that he will, as the executive head of the District, undertake the whole responsibility of the arrangements to be made, if the Government are pleased to entrust him with the same. If the Government, on the other hand, wish to appoint a Committee according to Mamool, the only two high officers who could be thought of for being placed as Presidents of the Committee would be Mr. Rangaswamy Iyengar, the Inspector General of Police, and Mr. Thimmayya, the Excise Commissioner. He would prefer,

for reasons which need not be stated here, to be associated with Mr Purnayya. It seems to me that the best arrangement would be to appoint the Deputy Commissioners of Bangalore and Mysore as Presidents respectively for those two places. The whole responsibility will then rest exclusively on the shoulders of the head of each District, who may avail himself of the assistance of such gentlemen, official and non-official, as he may think proper to effectually carry out all the arrangements.

I shall be glad to be favoured with the opinion of my colleagues, as the needful has to be done as early as possible.

My dear Sir

Regarding the arrangements for the reception of H.E. the Viceroy I think I must bring upon notice a fact which perhaps you do not know. One of the best wooden bridges in Mysore has had both hospitals pandals & had with hospitals down as it had been so badly constructed that it was feared it would fall - I do not say this in dis-

not even a Community of Dispensers, and I think a Board or Committee on which Mr Pullamanchetty will have a seat would be very desirable. These are the thoughts which strike me at the present moment & I have communicated them to you.

My dear Sir,

Since coming here it has come to my notice that some of the members of the Dasara Representative Assembly are intending to ask for permission to present an address to H.E. the Viceroy when he visits Mysore; but this year, as you are aware, the meeting of the Assembly during the ensuing Dasara has been suspended owing to the recrudescence of Plague in this City. In this connection I beg to refer you to the correspondence ending with Sir K. Sheshadri Iyer's D.O. to your address dated 25th August 1897, and to bring to your notice that the individual members who were to have come for this year's Dasara were all newly elected this year; and in consequence of the suspension of the meeting they will have no occasion to meet and no functions to perform under the Rules they have been elected.

When I first saw you for settling the programme of H.E. the Viceroy, I consulted you as to whether any address from the Representative Assembly was permissible. I gathered from what fell from you that this body had no recognised status and that you were disposed to adhere to the decision already arrived at by you. It seems to me that till an application is made by some of the members for permission to give an address we need not trouble ourselves on the subject.

Yours Sincerely,

Sd/ T.R.A. Thumboo Chetty.

GOVERNMENT OF MYSORE

Mysore
24th September/00

My dear Sir,

I thank you for the revised Programme of H. E. the Viceroy rec^d with your D.O. of 19th Inst^t which reached me here on the afternoon of the 20th idem. I was, therefore, unable to come to Bangalore and meet you on the latter date.

Seeing H. E. the Viceroy will have only one clear day at Mysore, the Programme as revised by you seems suitable. I have just heard from the Ch: Engineer to the effect, that "Ford writes that the Statue of the late Maharaja will arrive in Madras by the end of October" — so that the requisite arrangements for bringing and putting up the Statue can be made before H. E. the Viceroy's arrival in Mysore. This item

may therefore, stand in the Programme.

An Industrial School is to be erected in Mysore as a Memorial of the late Maharaja. If H. E. the Viceroy consents to lay the foundation Stone during his stay here, it will be very pleasing to all. On hearing from you I shall arrange for it.

The North Mysore Planters Association wish to present an address. The South Mysore Planters do not.

The Girls School Prize Destribution and the visit to the Hospital may both be omitted from the Programme. It is usual to have a Municipal entertainment at the Town Hall. This is also omitted in your Programme. In lieu of this we might, perhaps, arrange for small "illumination" on the

30th November and

6th December

if their Excellencies are not tired and would not find it inconvenient to take a short drive after dinner. This, however, I will leave to you to decide in consultation with the Military Secretary to H. E. the Viceroy.

In addition to the opening ceremony connected with the Victoria Hospital Dr. Madhava Rao suggests that H. E. the Viceroy may be requested to lay in the foundation for the new Drainage Scheme of the Bangalore City. If this could be included in the Programme without inconvenience we can easily arrange for it.

Yours Sincerely

To. 45 a

His Excellency the Right Honorable
George Nathanael
Baron Curzon of Kedlestone G, M, S, V, G.M.I.E,
Viceroy and Governor General of
India

May it please your Excellency.

We, the President and Commissioners of the Mysore Municipality, beg to offer to your Excellency, and to her Excellency Lady Curzon, a most respectful and Cordial welcome to the Capital of this ancient Native state.

As your Excellency is aware, the City of Mysore has lately passed through Extremes of both joy and sorrow. The ceremonies Connected with the marriage of our beloved Maharaja had hardly come to an end, the tokens of public rejoicing were still in our streets, when we became aware that the City was threatened with a recrudescence of Plague. Since then the pestilence has run its course and desolated many a home.

Your Excellency's message of Congratulation to the Royal House of Mysor assured us of your readiness to associate yourself with us in our joy, and your presence today assures us of an equal sympathy in our days of distress.

Your Excellency's attention will already have been turned to many features of interest and importance in the administration of this State, and in the provision made for the advancement of its citizens. We might point to our Educational institutions, to our public buildings, and to our system of water supply as evidences of such provision. The Mysore of twenty years ago bears no comparison with the City that is now before your Excellency.

We may be excused, however, if our recent distress causes us to dwell upon our needs and hopes for the future rather than upon our achievements in the past. Our earnest attention is being devoted to further improvements upon a very considerable scale and though the dimensions of our task are calculated to reduce us to — despair; we have a strong hope that we shall ultimately succeed.

Your Excellency's visit we believe

GOVERNMENT OF MYSORE

believe, inaugurates a further advance in what has been a fairly successful Civic and Social administration.

We take this opportunity of once again declaring our devotion to the Throne and Person of the August and Royal Lady represented by your Excellency. To the Queen Empress of India, the Royal House and the people of Mysore are bound by ties of ever-increasing loyalty and affection.

We beg leave to subscribe ourselves,

Your Excellency's most obedient and loyal servants

GOVERNMENT OF MYSORE

Mysore

October 1900.

My dear Sir,

As anticipated, I have received the enclosed letter from one of the members of the Representative Assembly, named Venkatakrishnaiyya, a resident of Mysore, with draft of an address proposed to be presented to H. E. the Viceroy. He does not say whether the address has been adopted with the concurrence of all the members of the Representative Assembly; and as stated in para 2 of my D. O. dated the 18th September, individual members of the Assembly, even a Committee of them, have, ~~as has been already decided~~ no recognised status. A reference to the correspondence ending with Sir K. Sheshadri Iyer's D.O. dated 25th August 1897 will show under what circumstances an address was allowed to be presented on the occasion of Lord Elgin's visit. Since then the question has been discussed at great length, and it has been decided that this body had no recognised status. Owing to plague, even the meeting of the Assembly for this year has not taken place, and the Members had no opportunity of meeting, as they did on the

the occasion of Lord Elgin's visit, and adopting an Address during the Representative Assembly Sittings ~~in October of that year (in 1895). Under these circumstances, I am doubtful as to the advisability of re-opening the question. I shall, however, abide by your kind advice in the matter.~~

Apart from the question of status, the proposed address is, in my opinion not happily expressed. It is too general, and indulges in reflections on the relative duties of rulers of Native States and controlling authorities &ca., and there is hardly any reference to ~~any matter connected with~~ Mysore. ~~On these grounds also the address is open to objection.~~

Yours Sincerely,

Local authorities will place themselves in communication with the railway officials and learn through them the time of arrival of the Viceregal train.

The usual Police arrangements will be made by the local authorities along His Excellency's line of route, as well as at all the places of halt.

IV.

The following rules will be observed by the Military authorities at all stations visited by the Viceroy and Governor-General during His Excellency's tour :—

SALUTES.—Viceregal salutes of 31 guns will be fired at all stations where there is a battery, or fort from which salutes are fired, on His Excellency's arrival and departure, and on other ceremonial occasions when called for. When the Viceroy's arrival or departure takes place after sunset, or on Sunday, the salute will be fired the following morning. Any salute due on a Sunday will be fired on Monday morning.

The Artillery firing the salute must be placed at some distance from the road along which His Excellency the Viceroy is to pass.

ESCORTS.—His Excellency the Viceroy's Escort consists of—

1. *On occasions of high State ceremonial*—

One Battery, R. H. A.

One British Cavalry Regiment.

Volunteer Cavalry or Mounted Rifles, if present.

His Excellency the Viceroy's Body Guard, when present.

One Native Cavalry Regiment.

The Viceroy's Body Guard will, on all occasions when present, have the post of honour immediately preceding and following His Excellency the Viceroy's carriage, the Officer Commanding the Body Guard riding on the right of the carriage.

This Escort will only be furnished when specially asked for by the Military Secretary to the Viceroy.

2. *On all ordinary State occasions*, that is, for public arrivals or departures, when His Excellency the Viceroy attends any public ceremony, or visits Native Chiefs in British Territory :—

A Field Officer's Escort of British Cavalry of the following strength :—

One Field Officer with the necessary proportions of Officers and Non-Commissioned Officers and 96 rank and file.

If no British Cavalry is present, a similar Escort of Native Cavalry will be found.

When the Viceroy's Body Guard is present, it will form part of the Escort in addition to the above.

3. *On all other than State occasions*, that is, for private arrivals and departures, for private visits to places His Excellency the Viceroy may inspect :—

A travelling Escort of one Subaltern, one Sergeant, and 12 rank and file of a British Cavalry Regiment. If no British Cavalry is present, the Escort will be found by Native Cavalry, but in all cases a British Officer will command.

Should the Viceroy travel long distances by road, the Military authorities, through whose district His Excellency passes, will, in communication with the Military Secretary, make special arrangements for Escorts which will be reduced to the minimum necessary.

The formations of Escorts will, in all cases, correspond with the instructions laid down in the Regulations for Cavalry, the only difference being that if Her Excellency is not in the same carriage as His Excellency the Viceroy, the third division of the Escort will follow the second carriage of the procession. His Excellency the Viceroy will, in all cases, be in the first carriage seated on the right hand side, Her Excellency, if not in the same carriage as the Viceroy, being in the second carriage.

PARADES.—Rules for the Order of March when His Excellency the Viceroy attends a review will be found in Army Regulations, India, Vol. II, Part I, paragraph 346. If the Viceroy's Body Guard is not present, the Field Officer's Escort will be found.

Should His Excellency inspect single Corps, the travelling Escort will be sufficient.

GUARDS OF HONOUR.—Guard of honour of British Troops if present, if not of Native Troops, of 100 rank and file with colours and band, will parade in Review Order at the Railway Station or if the Viceroy is travelling by road at the most convenient place, usually the house where the Viceroy will reside, on the arrival and departure of His Excellency, unless the arrival or departure is notified as "private."

When a guard of honour is found, Commanding Officers and Heads of Departments will attend. When the Viceroy's arrival or departure is private, only the Officer Commanding and one Staff Officer will attend. Officers receiving His Excellency the Viceroy will always be in Review Order.

No one will be required to attend between 10 P.M. and 6 A.M., unless special instructions are issued.

Whenever Volunteers are present in sufficient numbers to furnish guards of honour, they will be detailed for this duty, as well as regular troops.

GUARDS.—An Officer's guard of British Troops, if available, if not of Native Troops, will be mounted on the house or tent occupied by the Viceroy.

This guard will, in all cases, except in Native States where no troops of the Indian Army are present, be under the command of a British Officer, who will report himself to the Military Secretary to the Viceroy for orders. This guard will pay compliments to His Excellency the Viceroy alone.

It must be of sufficient strength to furnish one double sentry on the door, sentries immediately round the house or tent occupied by the Viceroy, and the usual sentry over the arms of the guard itself.

In addition to the above, a guard of Native Infantry will be furnished of sufficient strength to find two double sentries, one for the Private Secretary's Office Treasury, and one for that of the Military Secretary, and to guard the Camp if His Excellency the Viceroy and Staff are in tents, and the enclosure, if the Viceroy is in a house.

The outer limits of the enclosure in which His Excellency the Viceroy is residing will always be guarded by the Police. The Military authorities should therefore put themselves in communication with the Police authorities, and should ascertain what arrangements the latter are making. This will prevent confusion arising between the Military and Police Guards. The Officer Commanding the Station will satisfy himself that the Military Guards are posted so as to ensure the safety of the Viceregal Camp or enclosure, for which they are responsible.

ORDERLIES.—Four Native Cavalry Orderlies and six Native Infantry Orderlies should be furnished. They will report themselves to the Military Secretary, and be distributed between the Private Secretary and Military Secretary's Offices. The Cavalry Orderlies will be wanted from 7 A.M. to 8 P.M., unless other instructions are given. Infantry Orderlies should remain day and night. Both should be relieved during the day as convenient.

By Command,

E. BARING, *Major*,

Military Secretary to the Viceroy.

Dear Mr. Thumboo Chetty

I am marching to Nanjangud, but thought ~~that~~ perhaps I ought to await your arrival here in case you would wish for any special information about the Khoda.

But I learn for purpose to have straight

to Kakamkote.

I beg to enclose copy of an extract from a note which I prepared for my own information. It embodies the plan of capture as finally settled when Mr. Mathara Rao visited the Khonds.

Personally I have much faith in Mr. Thurlow's past experience - And although nobody can absolutely guarantee a capture I think, from all I can learn, that there is as much reason to hope for success on this occasion as there was on any other. In any event, you may rely on everyone concerned in effecting himself doing his very best.

Yours Sincerely

for this reason. allotted to Departments and I think should be again made over to them -

I do not see why the Govt & Tutors house or H.H. P.E Secys house should not be made available for H.E

The Tutor & P.E Secy could easily live together for the short period during which H.H. lives out of the Summer Palace

and the Staff Quarters
Could then remain
constantly ready for
reception of travellers
& the Departments to
whom the rooms have
been allotted -

HHs Staff Pte. Secy. Tutor

them a house at Mysore

if in future HH cannot

Can you arrange this ?

Dear Mr Thumboo Chetty.

Mr McHutchin &

I do not know whether

We are spending a great

Dear Mr Tikamdenwalla

Of course your account is all right -

The difficulty is - the fact that

- 2 camp callers do not go to the Khedival
- that the 3 sons in law want no city tent
- that Capt Le Bouvier will not be here but Mr Irani will be there instead
- You also have tents at the Station of which I know nothing -
- You Parsees cannot expect the punctual return of HHs camp.

received. We have no margin whatever. I should add a few tents for safety.

We have not been very generous to the Resp & Telegraphic departments & many be asked for tents for Kolar?

granted but above
you are allright

I refused tents to Mr Fraser
because I dreaded unpunctuality
in return of the camp which
is as you know in B. schedule
de tachments
and also because I
thought it inadvisable
to pitch camps so late as end
of November.
If however you are sure
of your dates it can be

I assume the funkin camp
will be pitched first
this is arranged already.

My Dear Sir 1870

The amount now sanctioned (viz 1000 Rs) is hardly sufficient for the pandals & cattle sheds required & the put-up. The horses' shed covering a space of (100 × 10) yards & the two pandals containing kitchen &c accomodation require about 200 areca nut-trees & bundles of small & big bamboos, Ropes, mats & straw for the roof. These cost-nearly 400 Rs at each camp. Even, we have to

supply straw for horses bullocks grain (many Pallars attached camp) & sundry other things straw is almost scarce & can be got with great difficulty at a high price only in the Arumuganalam Taluk. It is difficult to prepare an exact estimate of our costs now. It would therefore be better to place another sum of Rs 1000 at my disposal to be available when needed. I would therefore request you to obtain such sanction for it very early & to place the amount at my credit in anticipation of such sanction. The people seem inclined to contribute labour gratis & so I shall take care that very economical in spending this 2nd grant of 1000 Rs.

Yours very sincerely

P.S
The roofs must be pukka & should not leak if it should rain. Hence cost has increased.

May it Please Your Excellency,

Her Highness the Maharani Regent desires me to say that it is Her good fortune that she has been enabled to take advantage of Your Excellency's advent to Mysore, to solicit Your Excellency to do Her the great honor of kindly performing the ceremony of unveiling the Statue of Her late dearly beloved Consort whom it pleased God to take to Himself six years ago. On the occurrence of that great calamity that had befallen both the Ruling House and people of Mysore, there was a general and spontaneous desire that some permanent Memorial should be established, to remind the present generation and future ages of the many virtues and noble qualities of His Highness the late Maharaja, Chamarajendra Wodeyar, Bahadur, G.C.S.I., whose illustrious and beneficent Rule for a period of 14 years subsequent to the Rendition had won for Him the esteem and respect of all His subjects. His bright example, both as a Ruler and in private life, was such that the more it was seen the more it was admired and appreciated. The establishment of this Memorial, intended to perpetuate His name, will this day become an accomplished fact under Your Excellency's auspices; and the ceremony of unveiling which Your Excellency is about to perform, is one which will, for ever, be remembered in the annals of Mysore. In this connection I beg respectfully to place in Your Excellency's hands an extract from the Dassara Address of 1895 delivered by Dewan Sir K. Sheshadri Iyer, K.C.S.I., which gives a brief retrospect of His Highness the late Maharaja's Rule.

A BRIEF RETROSPECT OF THE REIGN OF HIS HIGHNESS THE LATE MAHARAJA SRI CHAMARAJENDRA WADAYAR BAHADUR, G.C.S.I.

On 25th March 1881 His Highness was invested with the administration of the State and he entered upon the duties of that exalted position under specially onerous conditions. During the long period of 50 years the State had been administered by the British Government but unfortunately it had to encounter towards the closing years of that administration the most disastrous famine of which we have any record. A fifth of its population was swept away ; the accumulated surplus of nearly a crore of rupees had disappeared and in its place there had come into existence a debt of 80 lakhs to the British Government ; the cash balance had become reduced to a figure insufficient for the ordinary requirements of the administration ; every source of revenue was at its lowest ; and the severe retrenchments which followed had left every Department of the State in an enfeebled condition. Not discouraged by these difficulties, His Highness from the very commencement set before himself as a first duty the protection of the State from the consequences of future famines. Railways and Irrigation works thus engaged his earliest attention. The record of the first four years of his reign is one of a severe and sustained struggle, crippled resources on the one hand and increasing Railway expenditure on the other, imposing upon the new administration, as the first condition of its success, the most vigilant financial management, and His Highness had the satisfaction of achieving by the end of 1884 the completion of the first 140 miles of the State Railway, from the current Revenues of the State and a small local loan of 20 lakhs. Then came the relief afforded by the advent of the Southern Mahratta Railway Company to complete the State Railway to Harihar from capital borrowed in England and His Highness was thus enabled to devote the available resources of the State and carry out large Irrigation works in tracts most requiring this kind of protection. Under the circumstances above described the administration at the start of His Highness' reign was necessarily very highly centralized. The Dewan or the Executive Administrative Head had the direct control, without the intervention of Departmental Heads, of all the principal Departments, such as the Land Revenue, Forests, Excise, Mining, Police, Education, Muzrai, Legislative. As the finances improved and as Department after Department was put into good working order and showed signs of expansion, separate Heads of Departments were appointed, for Forests and Police in 1885, for Excise in 1889, for Muzrai in 1891 and for Mining in 1894. His Highness was able to resolve upon the appointment of a separate Land Revenue Commissioner only in the latter part of 1894, but for several years previously the administrative duties of this Department had been delegated to a single Councillor empowered to dispose of all the ordinary work of the Department and to a Committee of two Councillors vested with the appellate and revisional powers of the Government under the Land Revenue Code in *quasi* Judicial matters. Similarly the ordinary work of the Departments of Local and Municipal

Funds and of Legislation had been made over to individual Councillors and the executive duties of the Education Department had come to be more and more delegated to the Secretary. Thus the administrative policy of His Highness' reign was one of progressive decentralization.

Finance.—His Highness' reign was attended with a remarkable measure of financial success. It began with liabilities exceeding the assets by 30¾ lakhs and with an annual income less than the annual expenditure by 1¼ lakh. During the first three years the Revenues from all sources were generally stationary, and in the fourth year there was a considerable decline due to the drought of that year, but during the next ten years the improvement year after year was large and continuous. Comparing 1880-81 with 1894-95 the Annual Revenue rose from 103 to 180½ lakhs or by 75·24 per cent, and after spending on a large and liberal scale on all works and purposes of public utility, the Net Assets amounted to over 176 lakhs, in lieu of the Net Liability of 30¾ lakhs with which His Highness' reign began.

The Assets and Liablities of the State on 31st March 1881 and on 30th June 1895 stood thus.—

Revenue.—The measure of financial prosperity above described was secured not by resort to new taxation in any form or shape. It was mainly the result of a natural growth, under the stimulus afforded by the opening out of the country by means of new roads and Railways, the execution of important Irrigation works and the general expansion of industries. It was in some measure due also to improved management of particular sources of income. The Land Revenue Demand rose from 69 to 96 lakhs or by 39 per cent and the occupied area from 6,154 to 9,863 square miles or by 60 per cent. The Excise Revenue quite quadrupled itself during the 14 years owing to the elimination of middle-men, to a system of cheaper manufacture and higher duties, to the more vigorous suppression of illicit manufacture and to the increased consumption accompanying the growth of industries, the expansion of Public Works and Railways, and the great rise in wages. The Revenue from

Forests more than doubled itself, while under Stamps and Registration the increase was 65 and 124 per cent respectively.

Gold Mining.—The important industry of Gold Mining took firm root in the State during His Highness' Rule. In 1886 a professional examination of the auriferous tracts in Mysore was made and the results duly published. For the first time, in 1886-87, Royalty on gold formed an item of our State Revenue and it reached the substantial figure of Rs. 7,33,000 last year on a production of gold valued at £ 844,000. A Geological Survey for the complete examination and record of the mineral resources of the country was established in 1894 and is now in full working.

Land Tenure and Agriculture.—The Revenue Survey and Settlement made satisfactory progress during His Highness' reign and 3 Taluks alone out of 66 now remain to be settled.

In 1881-82 His Highness abolished the Halat on Coffee of 4 annas per maund and established a new Coffee tenure combining the advantages of a permanent settlement with low rates of assessment. The Coffee area increased by 28 square miles. European Planters own 56,000 acres and Native Planters 102,000 acres.

The Khistbandi—or instalments for payment of Revenue—was postponed by two months so as to enable the Raiyat to dispose of his produce on advantageous terms.

The Revenue Laws were codified, vexatious restrictions on the enjoyment and transfer of land were swept away and the freer relinquishment of unprofitable small parcels of land was allowed. As a means of remedying agricultural indebtedness a scheme of Agricultural Banks on strictly co-operative principles was introduced last year.

Forests.—The area of Reserved Forests increased from 643 to 1,704 square miles and 35 square miles of new plantations were formed.

Education.—The number of Government and aided schools rose from 866 to 1,797 and the expenditure on them from Rs. 3,15,000 to Rs. 8,19,810. The increase in the number of boys was from 39,413 to 83,398 and in that of girls from 3,000 to 12,000. Eight hundred Primary Vernacular Schools, fifty English Middle Schools, five Industrial Schools, two Normal Schools, thirty Sanskrit Schools one First Grade English College and three Oriental Colleges were newly established during His Highness' reign.

Irrigation.—One hundred lakhs were spent on original irrigation works during His Highness' reign making an addition of 355 square miles to the area under wet cultivation and bringing an additional Revenue of 8¼ lakhs. With this addition the area protected by irrigation at the close of 1894-95 was 1,558 square miles. The expenditure on irrigation in 1880-81 was Rs. 3,19,000, in the first 4 years of His Highness' reign it averaged 4¼ lakhs, in the next 4 years 8½ lakhs and in the last 6 years 13¼ lakhs.

Special encouragement was afforded to the construction of a large number of new irrigation wells, individually small but in the aggregate a most important work of Famine protection. Rs. 4,18,500 were sanctioned as loans for these wells, of which 1,078 had been completed benefiting 7,000 acres of land. No additional tax is levied on

the dry lands converted into garden and wet by the aid of these wells.

Communications.—In addition to the expenditure from Local Funds, 67¾ lakhs from the State Revenue were devoted during His Highness' reign to new roads and to the maintenance and special improvement of existing ones. The mileage of roads rose from 3,930 to 5,107. The Malnad roads received particular attention and the special expenditure upon them was Rs. 11,44,000 in the coffee tracts and Rs. 6,36,000 in the remaining Malnad.

Railways:—At the Rendition the length of the State Railway open to traffic was 58 miles. The addition made to it during His Highness' reign was 315 miles at a cost of 164¼ lakhs.

Municipal and Local Funds.—The number of Municipalities rose from 83 to 107, annual Municipal receipts from Rs. 2,76,500 to Rs. 5,63,000 and the annual expenditure on conservancy and Public Works from 2½ lakhs to Rs. 4,89,000. The Local Funds Revenue likewise increased from Rs. 5,75,000 to Rs. 8,75,000 per annum and the annual expenditure on communications and conservancy from Rs. 3,72,000 to Rs. 6,97,000.

During His Highness' reign Municipalities were benefited to the extent of 1½ lakh a year by assignments from the State Revenues and the District Funds were also benefited to the extent of ¾ lakh a year by the transfer of 657 miles of roads from the District Fund to the D. P. W. Budget.

Sanitation.—Special attention to sanitation was an important feature of His Highness' reign. In addition to ordinary sanitary works carried out by the various District Fund Boards and Municipalities, His Highness devoted the large sum of Rs. 27,15,221 from State Revenues for the improved sanitation of the Capital cities of Mysore and Bangalore and of the larger Moffussil towns throughout the State. Among the more important works which were completed, or are approaching completion may be mentioned, (1) the Water-supply and partial drainage of Mysore, (2) the filling in of the insanitary ditch round that City, (3) the extension of the Mysore and Bangalore Cities, (4) the scheme of Water-supply to the latter, (5) Water-supply, drainage and extension schemes for the Moffussil towns, besides numerous drinking water wells throughout the State.

Medical Relief.—The number of Hospitals and Dispensaries rose from 19 to 114 and the number of patients treated from 130,723 to 706,915. His Highness fully appreciating the importance of Lady Dufferin's philanthropic movement, directed the training and employment of midwives all over the country and the opening of special Dispensaries for women and children. All but 3 Taluks out of 66 have been provided with midwives and 5 Dispensaries for women and children have been opened in District Headquarter towns.

Population.—In the ten years from 1881 to 1891 the population increased by 18·34 perc ent, a higher ratio than in the surrounding Provinces and there is reason to believe that during the last four years the ratio of increase was even higher. During His Highness' reign the rate of mortality is estimated to have declined 6·7 per mille and the average duration of life to have risen from 24·93 to 25·30.

1. Marquiss of Dufferin and Ava. November 1886.

When I remember that not many years ago this State and neighbourhood were the centre of a cruel despotism and the theatre of war and confusion of race-hatred, and religious animosities, I cannot help congratulating the Maharaja on the change which has intervened. Under the benevolent rule of himself and of his dynasty, Good Government, enlightened progress, universal peace, and the blessings of education are everywhere in the ascendant, and there is no State within the confines of the Indian Empire which has more fully justified the wise policy of the British Government in supplementing its own direct administration of its vast territories by the associated rule of our great fuedatory Princes. When I think that I myself was admitted to the familiarity of the heroic soldier of whosee early achievements Seringapatam and the surrounding country were the theatre and the witnesses, it is difficult to believe that the changes to which I have referred would have been the fruits of what I may call contemporary history. It has now been my good fortune to have passed through most of the Native States of India, and to have come into personal, and I may say, intimate, contact with their Chiefs; and I have no hesitation in saying that though there may be differences between them, though some States may be more advanced than others, some rulers less sensitive than others to the weighty

responsibilities imposed on them by Providence, on the whole my experiences have been eminently satisfactory and re-assuring, and the Queen Empress and the Government of Great Britain have the greatest reason to congratulate themselves on the general enlightenment, the desire to do their duty, and the conscientious application to affairs, which is so generally prevalent amongst them.

2. Marquiss of Landsdowne.

November 1892. Eleven years ago, Her Majesty's Government after administering the Mysore State for half a century, and after expending much thought and pains in order to place its affairs upon a sound footing determined to replace it in the charge of an Indian Ruler. The step was a most momentous one, and the responsibilty of those by whom it was taken was very serious indeed. I am glad to bear witness to the fact that, to the best of my belief, His Highness has never given us cause to regret the decision carried out in 1881 by Lord Ripon's Government. The Mysore State, far from adding to our cares and anxieties, has been administered with much success, its people are contented with their position, and its Ruler has shown by his acts that he was worthy of the trust reposed in him. If the result had bee different, His Highness the Maharaja would certainl have been held accountable. The result having been what it is, he is entitled to the most liberal measures of credit. He has proved himself an intelligent and upright Ruler who has from the commencemen of his reign shown himself alive to the duties of his position. His Highness has received an education

education which has enabled him to profit by the culture and wider political ideas of the West, but he has not lost touch of his own people or forfeited their confidence, and there is probably no State in India where Ruler and ruled are on more satisfactory terms, or in which the great principle upon which His Highness has insisted, that Government should be for the happiness of the Governed, receives a greater measure of practical recognition.

There is, perhaps, no better test of the soundness of an administration than its ability to pass without discredit through a period of exceptional difficulty. The Mysore State has lately encountered such a trial, and has, I am glad to say, surmounted it successfully. The failure of the rainfall last year threatened at one moment to lead to a reappearance of the calamities which befell this part of India in the years 1876-77 and '78, but so effectual were the measures taken by Your Highness' direction that your Minister, of whose energy and administrative capacity I am able to speak in the highest terms, has been able to report to you that during the period of scarcity, the death rate did not rise above the normal, and that there were no deaths clearly traceable to starvation. But this was not all. Advantage was taken of the opportunity thus offered in order to set on foot a system of Relief Works under which the water supply available for the use of Your Highness' subjects has been permanently improved, with the result of largely diminishing the danger to be apprehended from future periods of scarcity. No expenditure of public money is more useful than that upon irrigation wells in Districts liable to drought, and the system of

making advances to the raiyats for this purpose upon easy terms, is one which has had excellent results in other parts of India, and which Your Highness has done well to encourage.

There is another matter, to which I must refer in this connection. At the time of the earlier period of scarcity to which I referred just now only fifty miles of Railway were open within Your Highness' State. You have now no less than 364 miles open for traffic, whilst fifty miles more are under construction. There can, I think, be no question that this large addition to the Railway mileage of Mysore has been, and will be, the means of affording the population additional security from the disasters of famine.

I believe I am right in saying that, since Your Highness' accession, no less than 150 lakhs of rupees have been spent on the Mysore State Railway alone, and I rejoice to hear that your Government contemplates further extensions, in addition to those already in progress, with the object of bringing Mysore into direct communication with the Western seaboard.

In many other directions His Highness the Maharaja has shown himself mindful of the best interests of the people committed to his charge. Good progress has been made with the important work of Revenue Settlement which was only half completed when His Highness succeeded; new roads have been constructed, hospitals and dispensaries have been opened, attention has been paid to the improvement of the breeds of cattle, the enterprise of the ~~ming~~ miner and planter have been encouraged. Last, but not least, the State has liberally encouraged education

institutions, and I may refer with special interest to the schools for girls with which the name of Her Highness the Maharani will always be honorably connected.

I have also to express my acknowledgments of the manner in which His Highness has placed a portion of his troops under special discipline in order to qualify them to take their place alongside of ours for the defence of the Empire. I am glad to think that that portion of the outlay which has been appropriated for the Imperial Service Troops has been the means of adding to the resources of the Empire, as well as to the efficiency of the Mysore Army <u>without imposing an excessive burden upon the Exchequer of the State.</u>

His Highness, in his desire to inform himself of the feelings of the leading classes and people of Mysore has, it seems to me, acted with true statesmanlike instincts. I trust that he will continue in this and other respects to govern the State in the enlightened spirit by which his rule has hitherto been characterised, and I am glad to have this opportunity of publicly assuring him of the good-will and approval of the Government of India.

---

3. Marquiss of Landsdowne.
January 1895.

Full of interest in the affairs of his State, beloved by his people, and with, it was reasonable to hope, a long career of usefulness before him, it is no exaggeration to say that among the

Ruling Chiefs there was not one who held a

the good opinion of the Government of India or whose removal would be a great calamity.

Nor can I refrain from saying that, while I admired His Highness upon public grounds, my closer acquaintance with him gained during our delightful visit to Mysore in 1893, inspired me with a very warm personal regard. During the days which we spent together in camp, we saw a great deal of one another, and I have never met any one in or out of India with more natural charm of manner, or greater powers of attracting to himself the sympathy of those with whom he was brought in contact.

To his family-for whom he was so thoughtful- and to his State- for which he had done so much his loss is irreparable.

---

4. Lord Wenlock.
January 1895.

There is no one who enjoyed this privelege that would fail to appreciate the sterling good qualities as well as charm of manner, which so specially distinguished the late Maharaja, and words fail me when I try to estimate the loss which not only Mysore but all India has sustained by his untimely death.

---

5. Mr. Fawring.
January 1895.

The Maharaja was so kind and genial, and such a favourite with every one, that this loss is to be deeply deplored. I feel that I am expressing not only my own feelings but those of all who knew him in saying that.

---

6. Sir H.N.D Prendergast.
January 1895.

He is indeed a loss to Mysore and to India In offering me the Residency in Mysore the Marquiss

Indian Princes and I certainly found His Highness noble and true.

Earl of Elgin.
November 1895.

For myself, standing here in the capital of this important State, I have a very vivid recollection of my first meeting with its Chief when I first set foot on the shores of India at Bombay. I remember, as if it were but yesterday, the impression which he made on us, not so much by the dignity of his station as by the evident and innate goodness and the amiability and the simplicity of his character (applause). A few months passed and that acquaintance was renewed, and it was renewed, as this visit was already in contemplation, in the hope that the acquaintance would ripen into a closer friendship. I think I can fairly say that there were few, if any, outside the circle of those near and dear to him on whom the shock of the news which started Calcutta early on the morning of the 28th December fell more heavily than on myself.

My dear Sir

His Highness has been pleased to permit the Firm of Burton Son & Co to take photos at the time of H.E. the Viceroy's Visit to Mysore, and also at the Khedda -

Mr Burton did not want the Elephants as a photographer

In 1889 when H. R. H. Prince
Albert Victor came to Mysore -
and I think that room may
be found for him on the
occasion of the Camp, if
he desires it -, and has kept
his apparatus in up to date -

I return with thanks the

enclosures of your letter -

Yours sincerely

SIR,

I am directed to say that Colonel Robertson considers that the best arrangement for the accommodation of the four European clerks who will come with His Excellency the Viceroy's party to Mysore would be to engage rooms for them in one of the Hotels; the Mahomedan clerks and Native Doctor should be accommodated in tents in the compound of Government House; and the Hindu clerks in the Deputy Commissioner's Treasury buildings as was done on the last occasion. I am to request that the necessary arrangements may be made for providing the requisite accommodation during His Excellency's visit to Mysore.

GOVERNMENT OF MYSORE

28th October 1900.

Dear Sir

Never having been present at the unveiling of a statue I am hardly in a position to lay down a programme of ceremonial on the occasion of the unveiling of the statue of the late Maharaja by the Viceroy. I would suggest that an account of the unveiling of the statues of Lord Roberts and Lord Lansdowne be obtained from some Calcutta papers, or perhaps the procedure adopted when Sir Mark Cubbons statue was unveiled may be in record in your office.

In the Madras Secretariat offices there is a book giving an account of the procedure adopted at State functions, perhaps this could be got. I presume it will be necessary to have the top of a large tent pitched within 10 to 20 yds in front of the Statue. The Viceroy will be received there by the principal officers of State, the Dewan or someone will make a short speech asking the Viceroy to unveil the Statue, the latter will then make a speech in return, at the end of which

he will advance to a small table
a yard or two in front of the tent
on which will be a silver handle
attached to a cord connected with
a silk curtain covering the statue
When he pulls this string the curtain
will be removed and the statue will
then be unveiled. I will let you
have details regarding the curtain as
soon as possible.

Yours Sincerely
D. McNeil Campbell.

To

The Secretary to the Government of Mysore,
Bangalore.

Sir,

On the 29th or 30th of September I sent a Draft Address of the Representatives to be presented to His Excellency the Viceroy. Owing to the prevalence of Plague in Mysore it was impossible for the Representatives to meet to appoint an Address Committee, to adopt the Address presented by them and to submit it with their resolution to the Government for submission to His Excellency. As there was no time for all this a few Representative Members in Mysore in communication with some mofusil members drafted the Address and submitted it to be in time. The same has since been communicated to most of the members of the Assembly. They mean to meet in Bangalore or in the Capital in the latter part of November, reconsider the Address adopt it with modifications if necessary and submit it to the Government. I request that the Government may be pleased to permit us to do so.

I beg &ca.,

My dear Sir.

Your letter of the 26th. As regards the officers, the Dy. Dewan desires me to say that you have been given 2 Assistants and Assistant Commissioner for Kakankote, and that, if required, absolutely another will be given later on.

As for Mr. Bowring from the official order which would have reached

by this time it will be seen it is only for a short period of about 3 weeks or so during which period one of the Assistant Commissioners at Mysore was expected to get on with the City Magistrate's Court.

Among other passages in your letter, the Mr. Devan is sorry to observe that nothing had been done about Kakankote till your visit there and he hopes, before leaving it, you will kindly make proper handobast for the efficient and timely conclusion of all arrangements required.

It is not yet certain if a breakfast Camp will be required <u>En route</u> to Kakankote. If such a breakfast, at least a <u>lunch</u> Camp will be required at <u>Antarsanté</u>

As for H.H.'s tour in your District, Mr. Thimbaya Chetty would be glad

IV.

The following rules will be observed by the Military authorities at all stations visited by the Viceroy and Governor-General during His Excellency's tour :—

SALUTES.—Viceregal salutes of 31 guns will be fired at all stations where there is a battery, or fort from which salutes are fired, on His Excellency's arrival and departure, and on other ceremonial occasions when called for. When the Viceroy's arrival or departure takes place after sunset, or on Sunday, the salute will be fired the following morning. Any salute due on a Sunday will be fired on Monday morning.

The Artillery firing the salute must be placed at some distance from the road along which His Excellency the Viceroy is to pass.

ESCORTS.—His Excellency the Viceroy's Escort consists of—

1. *On occasions of high State ceremonial*—

One Battery, R. H. A.
One British Cavalry Regiment.
Volunteer Cavalry or Mounted Rifles, if present.
His Excellency the Viceroy's Body Guard, when present.
One Native Cavalry Regiment.

The Viceroy's Body Guard will, on all occasions when present, have the post of honour immediately preceding and following His Excellency the Viceroy's carriage, the Officer Commanding the Body Guard riding on the right of the carriage.

This Escort will only be furnished when specially asked for by the Military Secretary to the Viceroy.

2. *On all ordinary State occasions*, that is, for public arrivals or departures, when His Excellency the Viceroy attends any public ceremony, or visits Native Chiefs in British Territory :—

A Field Officer's Escort of British Cavalry of the following strength :—

One Field Officer with the necessary proportions of Officers and Non-Commissioned Officers and 96 rank and file.

If no British Cavalry is present, a similar Escort of Native Cavalry will be found.

When the Viceroy's Body Guard is present, it will form part of the Escort in addition to the above.

3. *On all other than State occasions*, that is, for private arrivals and departures, for private visits to places His Excellency the Viceroy may inspect :—

A travelling Escort of one Subaltern, one Sergeant, and 12 rank and file of a British Cavalry Regiment. If no British Cavalry is present, the Escort will

be found by Native Cavalry, but in all cases a British Officer will command.

Should the Viceroy travel long distances by road, the Military authorities, through whose district His Excellency passes, will, in communication with the Military Secretary, make special arrangements for Escorts which will be reduced to the minimum necessary.

The formations of Escorts will, in all cases, correspond with the instructions laid down in the Regulations for Cavalry, the only difference being that if Her Excellency is not in the same carriage as His Excellency the Viceroy, the third division of the Escort will follow the second carriage of the procession. His Excellency the Viceroy will, in all cases, be in the first carriage seated on the right hand side, Her Excellency, if not in the same carriage as the Viceroy, being in the second carriage.

PARADES.—Rules for the Order of March when His Excellency the Viceroy attends a review will be found in Army Regulations, India, Vol. II, Part I, paragraph 346. If the Viceroy's Body Guard is not present, the Field Officer's Escort will be found.

Should His Excellency inspect single Corps, the travelling Escort will be sufficient.

GUARDS OF HONOUR.—Guard of honour of British Troops if present, if not of Native Troops, of 100 rank and file with colours and band, will parade in Review Order at the Railway Station or if the Viceroy is travelling by road at the most convenient place, usually the house where the Viceroy will reside, on the arrival and departure of His Excellency, unless the arrival or departure is notified as "private."

When a guard of honour is found, Commanding Officers and Heads of Departments will attend. When the Viceroy's arrival or departure is private, only the Officer Commanding and one Staff Officer will attend. Officers receiving His Excellency the Viceroy will always be in Review Order.

No one will be required to attend between 10 P.M. and 6 A.M., unless special instructions are issued.

Whenever Volunteers are present in sufficient numbers to furnish guards of honour, they will be detailed for this duty, as well as regular troops.

GUARDS.—An Officer's guard of British Troops, if available, if not of Native Troops, will be mounted on the house or tent occupied by the Viceroy.

This guard will, in all cases, except in Native States where no troops of the Indian Army are present, be under the command of a British Officer, who will report himself to the Military Secretary to the Viceroy for orders. This guard will pay compliments to His Excellency the Viceroy alone.

It must be of sufficient strength to furnish one double sentry on the door, sentries immediately round the house or tent occupied by the Viceroy, and the usual sentry over the arms of the guard itself.

In addition to the above, a guard of Native Infantry will be furnished of sufficient strength to find two double sentries, one for the Private Secretary's Office Treasury, and one for that of the Military Secretary, and to guard the Camp if His Excellency the Viceroy and Staff are in tents, and the enclosure, if the Viceroy is in a house.

The outer limits of the enclosure in which His Excellency the Viceroy is residing will always be guarded by the Police. The Military authorities should therefore put themselves in communication with the Police authorities, and should ascertain what arrangements the latter are making. This will prevent confusion arising between the Military and Police Guards. The Officer Commanding the Station will satisfy himself that the Military Guards are posted so as to ensure the safety of the Viceregal Camp or enclosure, for which they are responsible.

ORDERLIES.—Four Native Cavalry Orderlies and six Native Infantry Orderlies should be furnished. They will report themselves to the Military Secretary, and be distributed between the Private Secretary and Military Secretary's Offices. The Cavalry Orderlies will be wanted from 7 A.M. to 8 P.M., unless other instructions are given. Infantry Orderlies should remain day and night. Both should be relieved during the day as convenient.

Dear Mr. Nunnoo Chetty

You will see from the papers which I have sent you officially today that you and the next principal Officer of the Mysore State and myself are to meet the Viceroy on Bangalore Railway Station on Nov. 30th, and to

accompany him Thursday, our carriages
being joined on to the Viceregal train.
I shall have to address the Sharks about
this.

I do not yet know who will be
the precise composition of the Viceroy
train on the S.M.R. after leaving
Bangalore City; but it will probably
be difficult for the Company to

carriage & have on more than one first class carriage in addition to the Viceregal carriages.

Do you think it could be convenient if we were back there on a first class bogie?

Not could permit of our taking one or two of our personal servants in other compartments, and could hold yourself, the Senior Councillor and myself comfortably, I should think.

We shall have to be on the station shall probably have to take

a tiffin basket and breakfast in the carriage after the Viceroy's train leaves Bangalore City.

If you do not think the arrangement which I have suggested a convenient one, I suppose we shall have to ask the M. & S. Ry. Co. to put on two more extra carriages, one for you and the Senior Councillor, and one for myself. This will form rather a heavy addition. I should be much obliged if you could let me have an early answer

Yours sincerely

T. R. A. Mumbai Chetty Esq. C.S.I.

I have the honor to state that in connection with Police arrangements during the ensuing visit of His Excellency, the Viceroy, I have arranged to send men from the Bangalore and Tumkur Districts for special duty at Gersoppa, Mysore and the Kheddahs at Kakankote. The Deputy Commissioners of Mysore and Shimoga will have to make other Police arrangements. The District officers have not got at their disposal sufficient funds to defray the travelling and other charges of the men that may be

be deputed for special duty as there —
permanent advance of Rs. 100/- is just —
sufficient for ordinary demands.

To meet the braniage and other
charges of the men deputed on special
duty, I request that an advance of
Rs. 1100/- may be authorized as noted
in the margin. This amount will be
recouped as soon as the travelling —
allowances of the men are drawn.

I request also that a sum of
Rs. 500/- may be placed at my disposal
for giving advance to the Bangalore —

In this connection I beg to

Confidential

61114 No. 5876

From

The First Assistant to the Resident
in Mysore.

To

The Officiating Dewan of Mysore.

Dated Bangalore, 9th November 1900.

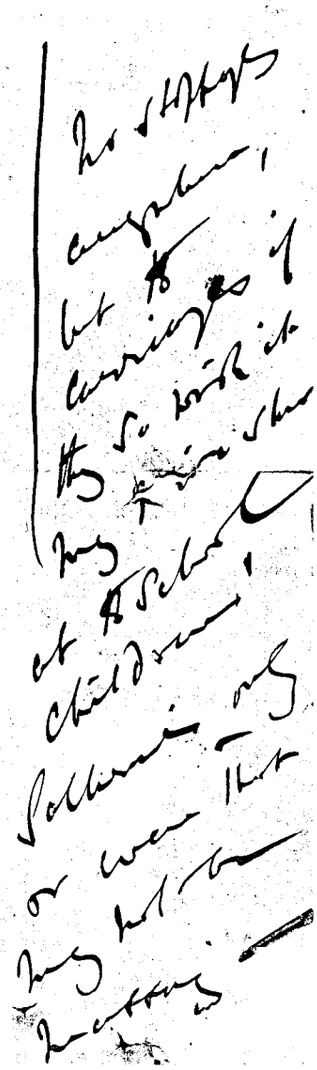
Sir,

I am directed to acknowledge the receipt of your demi-offcial letter dated the 30th October 1900 regarding the arrangements to be made in connection with the visit of His Excellency the Viceroy to Mysore and Bangalore.

2. Paragraphs 5 and 6 of your memorandum seem to the Resident to need some amplification. He would suggest that, except for the highest officials, cards be issued, one pattern of card for admission to the enclosure in which will stand those who are not to be introduced, the other pattern for admission within

the space where will stand those who are to be introduced by the Resident to His Excellency the Viceroy.

3. Paragraphs 3,4 and 7 of your confidential memorandum deal with the procession from the Mysore Railway Station to the Viceregal Residence. In the first place it is stated under 'Note 4' that the procession including stoppages is not expected to occupy more than half an hour. It was apparently not understood, when this programme was drawn up, that Their Excellencies and party will take their regular breakfast (and not only early morning tea) at about 7-45 at the Bangalore City Railway Station, and that there can be no stoppage for any other meal between Bangalore City and Mysore. It is desirable in



consequence

consequence that Their Excellencies should be able to lunch as soon as possible after arrival at Mysore, and if the procession is to take half an hour, it will be impossible for Their Excellencies to reach Government House and have luncheon until at least 3 p.m. The Resident trusts therefore that you will see the advisability of shortening this part of the programme as much as possible. It is not understood from the printed programme whether the four 'greet-ings', which you have entered in paragraph 4, will all of them entail stoppages. But if this is the case, I am to say that it will be necessary to consult the Military Secretary to the Viceroy on the subject, after Colonel Robertson has discussed and settled matters with you. You particularly mention in your demi-official letter to Colonel Robertson that it would be very much appreciated if Her Excellency's carriage could stop for a minute or two near the Girls'School galleries. But the orders about the escorts contained in your memorandum provide for no escort between His Excellency's carriage and that to be occupied by Her Excellency. In consequence if Her Excellency were to stop opposite the Girls' School and His Excellency were to drive on, a gap would be left behind His Excellency's carriage in which there would be no escort. It is therefore impossible to stop any part of the cortege separately. Nor can it stop at any place unless the exact details are arranged beforehand. The entry opposite the 10th carriage should

should be "carriage with Mr. M. Kantharaj Urs and the Assistant Private Secretary to the Viceroy".

4. In paragraph 8 of your memorandum it is stated that the Chief Commandant will arrange to have the proper guards mounted at the Viceregal Residence. I am to ask whether the detailed instructions contained in Section IV of the Military Secretary's Memorandum No.985 M dated the 18th October 1900 regarding sentries and orderlies have been conveyed to the Commandant.

5. I am to ask that the names of the officers who will call at the Viceregal Residence to enquire after His Excellency's health may be communicated to the Resident beforehand.

6. In paragraph 4 of my letter No.5603 dated the 30th October 1900 I asked for a list of the principal Nobles and Officers of the State by whom His Highness the Maharajah will be attended when he pays a visit to His Excellency. This information has not yet been furnished; and the Resident would be glad to receive it at an early date. I am to point out that the wording of paragraph 10 of your memorandum apparently implies that there will on this occasion be twelve officers of the State in attendance on His Highness the Maharajah, excluding the Dewan. The number twelve, I am to say, is intended to include the Dewan.

In your demi-official letter of the 30th October 1900 to my address you stated that His Highness the Maharajah's escort on the occasion of his visit to His Excellency is usually a 'Rissala' of his own cavalry; and in paragraph 10 of your

memorandum it is laid down that His Highness will be escorted "by a party of his own cavalry". I am to ask that the exact strength of His Highness the Maharajah's escort on this occasion may be specified.

8. With regard to His Excellency's return visit to Highness the Maharajah, I am to ask that the names of the four principal officers of the Mysore State who are to wait on His Excellency for the purpose of conducting him to the Jaganmohan Palace may be communicated to the Resident. I am also to ask that a list may be furnished beforehand of the officers who will be in attendance on His Highness the Maharajah on the occasion of the Viceroy's visit, and who will be seated to your left on that occasion.

9. The exact strength of His Excellency the Viceroy's escort on the occasion of his return visit to the Maharaja should be specified in the programme. This will be communicated to you on receipt of the information called for in paragraph 8 of this letter.

10. As the North Mysore Planters are not going to present an address to His Excellency the words "the North Mysore Planters" should be struck out of paragraph 12 of your memorandum.

11. Details of the ceremonial to be observed on the occasion of the unveiling of the statue of the late Maharajah are still awaited by the Resident; and I am to request that they may be furnished at an early date.

12. With regard to His Excellency's drive to the Khoddahs Colonel Robertson has ascertained from the Military Secretary to the Viceroy that it will not be necessary for the Superintendent of Police to ride beside His Excellency's carriage the whole way. A travelling escort of one Native Officer and of 12 sowars at each change of horses will suffice. I am to ask that precise orders may be issued to this effect.

13. With regard to Note 8 against paragraph 16 of your memorandum to the effect that the health of Her Majesty the Queen Empress, and afterwards that of Their Excellencies, will be proposed by His Highness the Maharajah, Colonel Robertson thinks that this had better be omitted, as no communication on the subject has been made to the Military Secretary to the ~~Viceroy~~. Colonel Robertson suggests that, in order not to inconvenience Their Excellencies, the Banquet might be held in a large pandal or tent behind the Government House.

14. You suggest a drive and illumination and visit to the Marriage Pavilion on the evening of the 6th December. This can be decided after the arrival of Their Excellencies at Mysore, and I am to ask that you will kindly remind the Resident about it at Mysore.

15. With regard to paragraph 18 of your memorandum concerning the guarding of the Kakankote camp, the Resident considers that it would be useful if instructions to the Military authorities and to the Inspector General of Police could be issued in greater detail. I am to point out that in Section IV of the Memorandum of the Military Secretary to the Viceroy

No.

No.985 M dated the 18th October 1900, it is laid down that the guard should be under the command of an Officer. The rank of the Native Officer who is to be in command should therefore be specified. It should also be ordered that t guard will pay compliments to His Excellency the Viceroy alone. In your memorandum it is merely stated that there should be "two other sentries in the main camp". But, in the instructions above quoted, it is laid down that there should be two double sentries to guard the office treasury of the Private Secretary and of the Military Secretary. This should be clearly stated in your instructions. These sentries need not be of the Imperial Service Lancers. The should also be enough sentries 'to guard the camp' and there should be 4 Native Cavalry orderlies and 6 Native Infantry Orderlies for the purpose of taking telegrams &c. All this should, Colonel Robertson thinks, be specified in your instructions.

16. The outer limits of the Camp are to be guarded by the Police, who are to be in consultation with the Military authorities. This should also be specified in your instru-tions. Colonel Robertson awaits a detailed account from the Inspector General of Police of the exact Police arrang-ments proposed.

17. With regard to the arrangements for meals on the journey of Their Excellencies to ~~Mysore~~ from Mysore the Resi-dent understands that arrangements for early tea will be made

made by the Viceregal staff. No arrangements need therefore be made by the Durbar. Their Excellencies will, as I have already explained, partake of breakfast at the Bangalore City Station; and the Madras Railway Company have been requested to prepare the best room in the Station for the Viceroy and Her Excellency and another room for the Viceroy's staff to breakfast in. Colonel Robertson understands that the Durbar are arranging to provide these two separate breakfasts. No lunch or breakfast will be required at Maddur, as the train does not stop; and Their Excellencies will lunch immediately on arrival at Government House, Mysore. You have suggested that on the return journey from Mysore on December 7th lunch shall be provided at Mandya. This can be settled later; but it would be as well if the Durbar were first to ascertain from the Southern Mahratta Railway for how long the train can halt at Mandya. The 'Notes' appended to your letter under acknowledgment will require some revision in view of the above remarks.

18. With regard to the draft Notification in a Gazette Extraordinary I am to say that, as all officers entitled to wear uniform will be wearing full dress on the occasion of His Excellency's public arrival at Mysore, Colonel Robertson considers that all persons not entitled to wear uniform who appear in Native costume should wear 'Durbar dress'. Paragraph 4 of the draft Notification might therefore be amended as follows: "Those not entitled to wear uniform will, if wearing European costume, appear in Morning Dress, if wearing Native costume, appear in 'Durbar Dress'."

19. In paragraph 6 of the draft Notification I am t
say that it would be better to substitute the words 'the
whole' for the words 'a Royal Escort'.

20. I am to ask that you will be kind enough to ac-
knowledge the receipt of this letter, and that you will
especially reply in detail to the requests and enquiries
contained in paragraphs 2, 4, 5, 6, 7, 8, 9, 12, 15, 16
17 and 19 above.

Sir,

I have the honor to acknowledge the receipt of your office letter No. 5876, dated the 9th instant, regarding the arrangements to be made in connection with the visit of His Excellency the Viceroy to Mysore and Bangalore and to reply as follows:-

2 The amplification suggested in para 2 of the letter under reply has been embodied in Note 4 of the enclosed revised Confidential Memorandum and the course therein prescribed will be followed as is usual on all such occasions.

3 As I gather from regards the observations contained in para 3 of the letter above referred to, ~~I beg to state that my confidential Memorandum was drafted as suggested by you, before the receipt of your office letter No. 5603 dated 30th ultimo, when it was not understood~~ that Their Excellencies would have an early breakfast at Bangalore, and that it is desirable that Their Excellencies should get to Government House, Mysore, as early as possible for luncheon, I have modified the Note 3 to para 4 of the revised Confidential Memorandum as to the effect that the ~~Viceregal~~ carriages in procession

need not stop anywhere but may drive slowly only

~~stopping nowhere save~~ near the galleries of School Children ~~where they may drive somewhat slow~~. The whole drive may take about 15 minutes ~~about 20'~~. It will not therefore be necessary to consult the Military Secretary to His Excellency the Viceroy on the subject. In the entry opposite (10) 5th carriage "Mr. Latimer" has been changed to "the Assistant Private Secretary to the Viceroy".

4. ~~As regards~~ In reply to the enquiry whether the detailed instructions contained in Section ~~I~~ IV of the Military Secretary's Memorandum No. 985 M dated the 18th October 1900, regarding sentries and orderlies, have been conveyed to the Chief Commandant ~~have~~ beg to state that true Extracts of the whole of the Sections III and IV and parts of I and II have already been communicated to the Chief Commandant who has also been asked to furnish as early as possible all details as to strength of guards and escorts and the method by which the escort is to be relieved and continued when His Excellency travels by road &c.

As ~~regards paragraphs~~ 7 and 9 ~~of the letter under acknowledgment~~ In regard to ~~about~~ the strength of His Highness the Maharaja's and of His Excellency the Viceroy's escorts during exchange of visits, I have wired to Mysore for exact information as to what was done on previous occasions and shall submit the same shortly.

10 9. With regard to His Excellency's drive to the Kheddas, a travelling escort of one Officer and of 12 Sowars of the Local Service Regiment at each change of horses, has been provided as suggested by you (vide

In regard to Banquet ~~being~~ held in a large Pendal or tent behind the Government House, Major Jones has been consulted ~~and he~~ is of opinion that it may not be desirable, as the Dinner would get cold, and should there be a breeze of any kind lot of dust would come in besides putting out lights &c, and that with the new addition to the Portico and the spacious dining Hall, Their Excellencies are not likely to be inconvenienced and that if need be a Shamiana or a tent could be placed at the disposal of the guests as a sort of waiting place till Their Excellencies get ready to dinner. the suggestion that the might Chairs and tables ; they could be

12 13. The Inspector General's instructions against Event No. 16 regarding the Police Superintendent escorting His Excellency to the Kheddas and back again will be cancelled as it is not considered necessary by the Military Secretary to the Viceroy for the Superintendent of Police to ride beside His Excellency's carriage the whole way.

13. Arrangements will be made to provide two separate breakfasts on the morning of the 30th instant at the City Railway Station, Bangalore, for Their Excellencies and for the Viceroy's Staff and also for light refreshments to the native clerks and servants

I shall ascertain from the Southern Mahratta Railway Company how long the Viceregal train halts at Mandya and closepet on the 7th proximo for arranging luncheon and tea.

16 With regard to the suggestion contained in paragraph 18 of your office letter under acknowledgment about Dress, I beg to state that ~~the term "Durbar Dress" would not be clearly understood as there is no such distinct dress prescribed by any rule apart from~~ the Uniform prescribed for certain classof Officers in the Revised Mysore Civil Uniform Regulation of 1886, a copy of which I enclose for your information. All the Durbar Officers entitled to wear such Uniform will appear in full Dress Uniform. Those not entitled to wear Uniform will appear, if Europeans in morning Dress, if Natives will wear black long coat, trousers and black boots ~~whether of European or native pattern~~ and this intimation will be specifically given to every one invited to attend the Railway Station.

GOVERNMENT OF MYSORE

Private and CONFIDENTIAL.

Bangalore,
10th November 1900.

My dear Sir,

I have sent an official reply, in detail, to your office letter No.5876, dated 9th instant, regarding the arrangements connected with His Excellency's visit to Mysore and have also submitted therewith a set of revised printed papers embodying the orders which, on hearing from you, I propose issuing. I have specified the names of officers and sirdars selected by Her Highness the Maharani Regent for the following functions, Viz.,

I. Mizaj Pursi.

II. To be in attendance on H.H during his visit to H.E the Viceroy.

III. To wait on the Viceroy to escort H.E to return the visit of H.H.

IV. To be in attendance on H.H during the return visit.

2 Owing to a delicate point of procedure and one or two questions of precedence involved, I ahve found it somewhat difficult to decide finally the list of officers to be invited to the Railway platform, Mysore City, and have therefore reserved them for this confidential and private communication intended for your eyes only. If owing to unavoidable accident or unforseen circumstances any of those in the list are

prevented from undertaking the function on due dates, other names will be substituted and duly intimated to you.

3 The most delicate point about procedure is what you have already wired for instructions and I sincerely hope that with your wonted support--for the prestige of this State, which unlike other Native States has all along had the benefit of unique treatment under several Viceroys both during the British administration and since the Rendition--the result will be favorable. On this will depend, for reasons I personally explained to you, as to who all could be invited to the Mysore platform and in what order they should be presented.

4 The other point is regarding Mr. Kantaraj Urs. Both as one of the nearest relation to His Highness and Her Highness the Mahrani Regent, and by marriage with First Princess and as the Head of the Kalale Family of the Mysore House, it would seem ~~rather awkward~~ desirable to consider his position as Professor ~~that he should be in the 5th~~ carriage. If it can be conveniently arranged, I would ask you to ~~obtain the~~ kindly obtain permission to put him along with me in the 3rd carriage. There is a precedent for this and I have, therefore, ventured to make the suggestion. In 1892, when H.E Lord Landsdowne came, there was with the Dewan, ~~there was~~ a member of H.H the Maharaja's Family (Col.Desaraj Urs) in the same carriage. Mr.Kantaraj Urs was then young. Now he ranks above Col.Desaraj Urs and as a

close relation of Her Highness and as the chief representative of the ~~Ruling~~ Urs Family some special consideration might, I venture to think, be shewn to him. With due deference to the arrangements already ordered ~~by the exalted guest~~, I ~~venture to~~ would submit that, if the foregoing facts are taken into consideration, His Excellency might be graciously pleased to modify the carriage arrangement so as to give the Nobleman of Mr. Kantaraj Urs' status such position as His Excellency might deem fit.

6 ~~III.~~ If Mr.Kantaraj Urs is given a place in the 3rd carriage,I would suggest the name of Lt.Col. Desaraj Urs being substituted for Mr.Kantaraj Urs in the 5th Carriage. The other son-in-law Mr.Luxmi Kante Urs may also go in the same 5th carriage. ~~The Durbar officers who will occupy the remaining carriages will be settled as usual under the orders of Her Highness the Mahdrani Regent.~~

6 Whether His Highness the Maharaja should accompany His Excellency the Viceroy from Karikal Thotti to the Statue and whether His Excellency will make a speech on that occasion are points about which you said you will ask for instructions. No allusion is therefore ~~needed~~ made to this in para 14 of the Memo of instructions.

Yours Sincerely,

11/11

The Hon'ble
Col. Donald Robertson (C.S.I.)
Resident in Mysore

Bangalore

5th Nov: 1900.

My dear Sir,

I beg to submit for your approval and further instructions if any, copy of Programme of Police arrangements on the occasion of His Excellency the Viceroy's visit to Mysore, Kakankote and Seringapatam submitted by Mr Madiah on my requisition, and copies of Memo: of instructions and of further Confidential instructions on the same subject proposed to be issued by me.

The papers are fairly complete and give full information of the arrangements proposed and the number of men and officers required. It will be seen from last para of paper marked II that the extra District Police required will be supplied by the Mysore District proper and French Rocks sub Division. The Tumkur Special Reserve will sent to Kakankote for the Special Guard of His Excellency the Viceroy's tents. Mr Narain Rao says that only 25 men are available in this Force. Any small addition required will be sent from the Mysore Special Reserve Force.

The Mysore Special Reserve force will have to be employed exclusively to safe guard the Upper Residency and Staff Bungalow where the Royal family will reside, from infection. It is therefore proposed to send a strong contingent of the Bangalore Special Reserve for guarding Government House at Mysore during His Excellency's stay there between 30th November and 2nd December, ~~and~~ ^ they will return by the 2nd train on the latter date. Some men of this force will be utilized for the Fire Engine if required and for any other important work where it may be considered ^ necessary to have the Special Reserve Police.

Mr Edwards, Sub Inspector, will be dep duty in the Viceroy's camp on arrival at Bangalore.

Dear Mr. Thumboo Chetty -

I wired to the Private Secretary to the Viceroy telling him that the members of the Representative Assembly - or at least some of them - proposed to present an Address - H.E. the Viceroy replies that he sees no necessity for the

presentation of such an Address unless the Author strongly press for it - You could hardly do this now especially as there has been no Rep: Assembly meeting this year. So I propose to say that the idea has been abandoned.

Telegraphed

If you agree I will inform Mr Rees of Tumkur. who has I believe been asked to write the Address.

The arrangements are proposed about the English & Natives

Principle standing in order of precedence - for presentation to His Excellency are approved -

Gentlemen entitled to be received may appear in plain clothes at the Opening of the Victoria Hospital.

On receipt of your D.O. of this
I had the Proceedings of 1892 examined to see w
really happened during Lord Lansdowne's visit to
Maharaja. No attar and paan was then present
the Assistant Resident under the circumstances w
will be found fully stated in the enclosed D.O. le
from me to the Resident dated 2nd November 1892 c
from Major Ravenshaw to me in reply dated 3rd
In the former of these letters I asked for defini
instructions on certain points, one of which was
matter now in question, as I stated, in note 11 to
proposed memo of detailed Instructions, namely wh
the term "British Officers" included any sirdars to the
of the Maharaja. The Resident's reply was

"Distribution of attar and paan is of cours
limited to Viceregal party who are the guests"

On this was adopted the procedure descri
in page 5 of the Durbars Account of the Viceregal Visi
of November 1892. The same procedure was follow
during the present visit.

I have no doubt yourself and Mr. Your
would like to know the above facts which show that
Durbar's action has been in strict accordance

instructions.

Copy of D.O. dated the 14th January 1896 Captain Erskine to Sir Seshadri Iyer.

I have I am sorry to say been a time in answering your letter of the 24th November but I mislaid it - I now return with thanks the enclosures. I have shewn the correspondence to the Resident.

Major Ravenshaw's reply was not very explicit - it could be read in 2 ways e.g. Colonel Henderson might mean that the European Officers of the Durbar going in Mysore should not get attar pan but that Staff should. This was probably his meaning seeing he himself was to get attar pan and his Staff to be treated similarly.

On the other hand the reply was open construction you gave it.

To ascertain precisely the intention of Foreign office, Mr. Young consulted the Foreign Secretary who informed him that the intention was that Resident's Staff as well as the Viceroy's should get attar pan and that this was the invariable custom at Viceregal Durbars.

SIR,

I am directed to acknowledge the receipt of your letter No.10/D dated the 11th November 1900 regarding the arrangements in connection with His Excellency the Viceroy's visit to Mysore.

2. With regard to paragraph 14 (vi) of your memorandum the Resident thinks that, as the ceremonial has not yet been sanctioned, it had better be omitted. On reflection Colonel Robertson is of opinion that it would be more convenient if His Highness the Maharajah were to precede the Viceroy and receive His Excellency at the site of the Statue.

3. With regard to paragraph 17 of your memorandum I am to say that His Excellency will leave Mysore for the Kheddahs about noon or shortly after, and not at 9.30 A.M. as entered by you. As the Vicegal party will, after stopping on the way for lunch, presumably not be able to

reach

reach the Kheddah camp till about 5.30 P.M. it seems to Colonel Robertson desirable to arrange that all the oth guests for the Camp shall <u>precede</u> His Excellency's part by at least two hours, starting say at 9.30 A.M. at late For if the other guests start <u>after</u> His Excellency, they will not be able to reach the Camp till some time after dark If they precede His Excellency, they must do so by a considerable interval, in order that the Vicregal carriages may not be continually catching them up and passing them on the road. You will doubtless consider whether this ca be arranged.

4. With regard to the draft Notification in the Mysore Gazette Extraordinary, I am to say that the Resident intended to suggest that the third sentence in paragraph 6 should read as follows:- "and by the whole of the Local Service Regiment, Mysore Horse", the word Escort being -- omitted.

In connection with the ceremony of unveiling the Statue, Her Highness the Maharani Regent thought that it would be well if His Highness the Maharaja accompanied His Excellency the Viceroy from Karikal Totti to the site of the Statue. Dear Mr. Thumboo Chetty

The following programme has now been approved by His Excy the Viceroy for the receiving of the Staff of His Highness the Late Maharajah of Mysore:—

After interviewing Her Highness the Maharani privately in her Palace

His Excellency will drive to the site of the Statue and will be received there by His Highness the Maharajah (who will precede His Excellency to the site) by the Dewan and all the leading officials. There will be a Guard of Honour which will present arms. The Band will play "God Save the King" and the Secretary will give

a Salute of 31 Guns. (As this Salute will take ten minutes to fire it had better begin before the Viceroy actually arrives). The Duke will then read an address asking the Viceroy to unveil the Statue. The Statue will then be unveiled. After this His Excellency will make a short speech. The Ceremony will then terminate, His Excy taking leave of the Maharajah

on the Station and being accorded on departure the same honours as on arrival.

9. Their Excellencies' drive to the Kheddas at Kakankote & return therefrom.	Travelling escort of 1 N.C.O. and 3 sowars at each of 8. the stages.	Same as in 1892	Same as in 1895 of 1 N.C.O. and 3 sowars at each of the 8 stages. N.B. II. This being a long distance drive, the strength of the escort is reduced Vide Major Baring's Memo Section IV clause 3 para 3. In the draft Confidential Memorandum received from Government a travelling escort of 1 officer and 12 sowars for each of the 3 stages is suggested. This does not

			Regiment at Mysore is short of horses, and the drive coming off the very next day after the big functions the number available in the Regiment would probably be only just sufficient for the escort duties at Mysore Further orders solicited.
10. At the Kheddas.	A travelling escort of 1 Officer, 2 N.C. officers and 5 sowars.	Travelling escort of 1 Officer, 1 Duffedar, 1 Lance Duffedar and 12 rank & file.	Same as in 1895.
	An Infantry guard of 1 officer, 8 N.C. officers & 24 sepoys. Furnished 1 double sentry and 3 single sentries.	An Infantry guard of 1 officer, 4 N.C. officers and 12 sepoys. Furnished 1 double sentry & 1 single sentry.	An officer's guard for 2 double sentries and 2 single sentries. N.B. III. In the Draft Confidential Memorandum received from Government, para 18, a guard of Imperial Service Lancers of sufficient strength to furnish 4 double sentries at the Kheddas is suggested. The strength of this guard would be 1 officer, 2 N.C. officers, 24 sowars and 1 Trumpeter. Total 28. Relief 28. Total 56. This number added to the strength of the guard to be mounted at the Viceregal Residence at Mysore, as suggested in para 8 would give a grand

total of ~~118~~ 120 - of officers and sowars from the Imperial Service Regiment. I do not know if it would be advisable to withdraw such a large number when H. E. the Viceroy is to inspect the Regiment at Bangalore the very next day after arrival here. Moreover as Mysore is infected with Plague, special arrangements will have to be made for camping out these ~~Bangalore~~ men at Mysore. During the visit of H. E. Lord Elgin to the Kheddas in 1895 it will be seen from this statement that only one Infantry Officer's guard was mounted at the Camp at Kheddas. The strength of the Infantry guard on this occasion might, as I have suggested be increased, so as to furnish 2 double sentries and 2 single sentries, and I should like to know if Government would think an Imperial Service guard would be necessary in addition to this, and the strong Police guards which are sure to be

Travellingescort of 1 officer, 1 Duffedar, 1 Lance Duffedar & 12 rank and file.

N.B. IV.

The necessary number of mounted and foot orderlies for the Residency will be detailed at Mysore, and if necessary, at the Kheddas, i.e. 4 Cavalry orderlies and 6 Infantry orderlies (Vide Major Baring's Memo).

For telegrams 3 extra sowar orderlies and 2 Infantry orderlies will be furnished.

A sowar tapal will also be arranged for between Mysore & Kheddas during H.E's stay at the latter place.

During the visit of H.E. Lord Elgin to the Kheddas no orderlies were furnished for Telegrams there as the Post & Telegraph offices were quite close to H.E's tent. I do not know if they have to be furnished on this occasion as the Post & Telegraph tents are a part and parcel of the Camp itself.

Dear Mr Thumboo Chetty

As desired, I send you this reminder in connection with our conversation last evening.

On coming home last night, it occurred to me that I may experience difficulty in getting out to camp from Mysore, and I venture to ask if you could further assist me in this matter? If there is a Public Carrying Agency I could make my own arrangements, but failing this, do you think I could get any help for from the Durbar? I have certain important pictures to get at Mysore such as the Ceremony of unveiling the Statue of the late Maharajah, and also H.E. the Viceroy's visit to H.H. the Maharajah at the Pavilion; and as soon as these are done, I aimed like to leave for the Keddahs, so as to get in before the Vicegal party. I am very anxious to get some instantaneous views showing His Excellency's arrival in Camp & so would like to be there before he arrives.

I fear I am asking much of you, but nothing venture nothing have, so I trust

You will pardon the trouble I
give.

THE RESIDENT MYSORE

BANGALORE.

Colonel Roberts desires me to enclose you above your telegraphic correspondence with the Traffic Manager South, above Jam Pal & Coorg being known to the Nilgiri Railway from Bangalore to Mysore. You will see from these papers that there seems to be some confusion on the subject, owing to your Private Secretary having wired to the Traffic Manager South that

he must have understood to be separate
arrangements from those which had already
told you I was making with him for both
your accommodation and mine on this
occasion.

I wrote to you on the 31st October, that I was
going to ask the Ry. Co. to send me a
first class bogie. You replied, on the same day, that you
thought it unlikely that the Company would
be able to send me so heavy a carriage as

a 1st class bogie and that it would probably be possible to let only a double first class carriage be run. I also saw you personally on the subject, and on the 7th November I wrote to the Agent saying that there was either a 1st class bogie or a good 1st class carriage. He telegraphed on the 3rd November that suitable arrangements would be made in accordance with my letter. I am certain therefore that the necessary accommodation will be provided.

The request communicated to the Traffic Manager

by your Private Secretary, for the attachment of a State Cycle saloon, was quite a new departure from the arrangements which you had already made with me, and must have been understood as such by the Traffic Manager. Hence this misunderstanding.

I think that you may rest assured that, when I tell you that I will make a certain arrangement with the Ry. Company it will be carried out

Yours sincerely

It is not the order of Carriages, whether 5th or 6th, that I objected to; it is the omission of my name & the sixth Carriage in the Memo altogether that does not look nice. What Mr Srikantia Swamy Iyer told you is correct. I told him that I preferred the 6th Carriage but I thought that my

My dear Sir

I enclose a copy of the letter written by me to the Palace Controller about the Palace Bare Infantry and their defects I noticed in my inspection yesterday I have also sent one copy officially to the Military Asst. These defects are rather serious in a Guard of Honour to be inspected by H. E. H

Viceroy on the Platform on the 30th instant. I do not think the Palace Custodier has sufficient time to have them rectified by fresh issues now. I would therefore strongly recommend that the Govt Infantry Guard of Honour be placed on the platform instead of the Palace Guard. The latter could be placed outside the Railway Station where they are not likely to be inspected closely by H. E. the Viceroy. Kindly let me know if I might carry out the suggested arrangement.

Yours sincerely
J Desmukhs.

P. S
It does not look nice to make a bad show of Infantry to begin with. I would put the best looking guard there.

(1). The number was small. The strength of the Guard of Honor should be 100 rank and file with proper proportion of Officers and Non-Commissioned Officers.

(2). Some of their full dress uniforms are very dirty. These should be replaced at once.

(3). Many have torn boots and some have none at all. It is essential that all should have new boots on the occasion.

I shall send a Programme of the time of functions and the places at which the guard has to parade direct to the Commandant to save delay, and I hope you will kindly issue strict orders to him to correct the defects I have pointed out before the guard is furnished by his Regiment.

one outside Railway Station - two one at Cte House
when H.E. the Viceroy arrives there -
The Police Band will be used - be stationed at
Cte House - also it is not a Military Band the

Can you tell me what Bands will be at the

enquire as soon as he arrives - also is there
any information as to time of his arrival?

The Police Band will - as usual - play
at Cte House during HE's ~~His Excy~~ the

There is nothing else that a Band at the

He must also stay that evening at the Banquet at

Sir,

With reference to your letter No 55 of the 28th November.

I have the honor by direction to inform you that it is now too late for the issue of fresh Government orders regarding the Guards.

If you find it necessary to alter or modify the instructions given you must do so on your own responsibility and report in each case your reasons for so doing.

In the case under discussion it would appear that an earlier inspection would have given you time to rectify the faults you now find.

It also appears to Government probable that the Military Stores may be able to supply the necessary articles at once, and if so it will be unnecessary to substitute the ordinary Bazar for the Household Troops.

I am to repeat, however

that the time for revision of the orders is past and to request you to act as you find necessary upon the Charges you make.

My dear Mr Sankaranarayana

The Resd. says. with reference to the bottom marked as letter last night that no mention was made of the guard "presenting arms". The only point agreed to was the playing of the National Anthem and the salute of 21 guns. This part regarding presenting arms must be omitted as it is too late now to discuss. The matter is finally

PS. The R. asked me to reiterate his wish that H.E's salute should commence early in order that the firing might not delay proceedings

My dear Sir,

I am again directed to request that H.H's Salute of 31 guns may commence early that the firing might not delay proceedings on H.H's arrival at the Lake of the Station Statue this evening.

It is an interesting collection & I could explain many things in detail to the Shepherds

present when Her Majesty is
pleased to go to the Jubilee Service.

I am keeping Her Majesty
informed of this.

I shall be ready for

Dear Mr Rungasamy Iyengar

I went on escort duty with the Viceregal train to Mysore on the 30th Nov. as ordered. There was no accomodation provided for me in the train, and only at the last moment through the courtesy of Mr Lindsay the Traffic Manager in charge of the train was I enabled to go at all. He kindly took me into his own Saloon & was most hospitable: but for him, I might

have had to go ashore
or stayed behind which I
could not have done without
a breach of orders —

Yours Sincerely

Dear Mr Rungaswamy Iyengar

I went on duty with the
convoy as ordered, on the 30th
ult- to Mysore. I remained there
from 2 pm — the hour of arrival —
I had no camp assigned to
me, nor did I receive any in-
-vitation to the State Banquet though
I think my position in the Service
as your deputy on duty, entitled
me. I was obliged to camp in
the Bay Station & was hospitably
treated by Mr Lindsay & other officers
of the Bay who were also obliged

X Because one was not
contemplated for him.

Work

only heads of Depts are invited. for
At-home it is quite a Hd of a Dept.
how an invited guest for whom
alone camps were provided, how
a resident of Mysore who alone
(Nine Rooms invited guests) were
to be paid banquet —

to remain at the Station.

I dont know who is re-
sponsible for the omission
but I certainly think that
proper consideration ought
to be shewn to an officer of
any rank on such an occasion.
Requesting you to take such
action as you deem necessary

I remain
Yours Sincerely
G Hamilton Wright

My dear Colonel Campbell,

I am sorry to say ~~As you may perhaps have gathered from the remarks of bystanders and by personal inspection, on the day of the unveiling~~ the statue unveiled the other day by the Viceroy, though perhaps ~~of the late Maharaja's statue this~~ is a fine work of art + of much merit as a mere work of art + inaccurate representation of the features ~~as well as~~ of this late Highness, while the pose does not remind us of anything characteristic about him.

Please ascertain on what basis or materials precisely (photographs, paintings or busts) the statue was formed by the Artist; who supplied them; why there is the entire absence of similarity noticed; and whether anything can now be done to rectify

the same, by taking another cast of the feature
or otherwise. -

Mysore

6th December 1900.

My dear Colonel Campbell,

I am sorry to say that the Statue unveiled the other day by His Excellency the Viceroy, though perhaps of much merit as a mere work of art, is a quite inaccurate representation of the features of His late Highness, while the pose does not remind us of anything charateristic about him.

Please ascertain on what basis or material precisely (photographs, paintings or busts) the Statue was formed by the Artist; who supplied them; why there is the entire absence of similarity noticed; and whether anything can now be done to rectify the same, by taking another cast of the features or otherwise.

Yours sincerely,
